

RITESH HARSHE

ritesh.harshe@icts.res.in riteshharshe.github.io

EDUCATION

Ph.D. candidate, International Centre for Theoretical Sciences (ICTS), Bangalore Principal advisor: Parameswaran Ajith	2023–present
Integrated Master's, Indian Association for the Cultivation of Science, Kolkata CGPA: 8.81/10	2018–23
Class XII, Nanaji Joshi Junior College, Shahapur Percentage: 95.38%	2018
Class X, Adyal Vidyalaya, Adyal Percentage: 93.60%	2016

EXPERIENCE

Senior Research Fellow, ICTS, Bangalore	2025–present
---	--------------

SERVICES

Organizer of the Gravitational Wave Open Data Workshop , ICTS, Bangalore	2026
Organizer of the ICTS In-house , ICTS, Bangalore	2026
Speaker for the Venus-Saturn Conjunction and Planetary Parade , ICTS, Bangalore	2026
Student representative in the ISPC transport and security committee, ICTS, Bangalore	2025-26
Teaching assistant for the Summer School on Gravitational-wave Astronomy , ICTS, Bangalore	2025
Teaching assistant for the Gravitational Wave Open Data Workshop , ICTS, Bangalore	2025

PUBLICATIONS

1. **Harshe, R.**, Prasad, R., and Ajith, P., Could the high-mass black holes from the gravitational-wave observations be explained by lensing?, accepted in *ApJ Letters*, [10.3847/2041-8213/ae825d](#), arXiv:[2604.14247](#).
2. **Harshe, R.**, and De, R., Corrected Analysis of Microcanonical Ensemble Model of Mixture of Fermions and Bosons at the Low-Temperature Limit, *IJSRMSS*, Vol. 7, Issue 5, pp. 31-38.

PRESENTATIONS

Poster at the ICTP Summer School in Cosmology , ICTP, Trieste	2026
Talk in the Gravitational Wave Open Data Workshop , ICTS, Bangalore	2026
Talk in the ICTS In-House , ICTS, Bangalore	2026
Poster at the Multi-Messenger Astrophysics in the Dynamic Universe , YITP, Kyoto	2026
Poster at the Future of Gravitational-wave Astronomy , ICTS, Bangalore	2025

ACHIEVEMENTS

ICTS-TIFR Institutional Research Fellowship, Bangalore	2023–present
IACS Institutional Scholarship, Kolkata	2021-23
INSPIRE Scholarship , Department of Science and Technology, New Delhi	2018-21
Dhirubhai Ambani Scholarship , Reliance Foundation, Mumbai	2018
1st rank in Bhandara district, Maharashtra Board Higher Secondary Exam, Shahapur	2018

SKILLS

Programming: Python, C, and C++

Data Analysis/Simulation: Monte Carlo, signal processing, and deep learning

Computing: Experience with SLURM and HTCondor job schedulers, and GPU clusters

Languages: English, Hindi, Marathi, and Spoken Bengali
