Ritesh Harshe

ritesh.harshe@icts.res.in

Education

Ph.D. candidate, International Centre for Theoretical Sciences (ICTS), Bangalore — 2023–*present*
Principal advisor: Parameswaran Ajith

Integrated BS-MS, Indian Association for the Cultivation of Science (IACS), Kolkata — 2018–23
CGPA: 8.81/10

Experience

Senior Research Fellow, ICTS, Bangalore — 2025–*present*

Services

Teaching assistant for the Research Methodology II and Publication Ethics, ICTS, Bangalore — 2026
Organizer of the Gravitational Wave Open Data Workshop, ICTS, Bangalore — 2026
Organizer of the ICTS In-house, ICTS, Bangalore — 2026
Speaker for the Venus-Saturn Conjunction and Planetary Parade, ICTS, Bangalore — 2026
Teaching assistant for the Numerical Methods, ICTS, Bangalore — 2025
Student representative in the ISPC transport and security committee, ICTS, Bangalore — 2025-27
Teaching assistant for the Research Methodology I, ICTS, Bangalore — 2025
Teaching assistant for the Summer School on Gravitational-wave Astronomy, ICTS, Bangalore — 2025
Teaching assistant for the Gravitational Wave Open Data Workshop, ICTS, Bangalore — 2025

Publications

1. **Harshe, R.**, Prasad, R., and Ajith, P., Could the high-mass black holes from gravitational-wave observations be explained by lensing?, *ApJL*, 10.3847/2041-8213/ae825d, arXiv:2604.14247.

2. **Harshe, R.**, and De, R., Corrected Analysis of Microcanonical Ensemble Model of Mixture of Fermions and Bosons at the Low-Temperature Limit, *IJSRMSS*, Vol. 7, Issue 5, pp. 31-38.

Presentations

Poster at the ICTP Summer School in Cosmology, ICTP, Trieste — 2026
Talk in the Gravitational Wave Open Data Workshop, ICTS, Bangalore — 2026
Talk in the ICTS In-House, ICTS, Bangalore — 2026
Poster at the Multi-Messenger Astrophysics in the Dynamic Universe, YITP, Kyoto — 2026
Poster at the Future of Gravitational-wave Astronomy, ICTS, Bangalore — 2025

Achievements

Research Fellowship, ICTS, Bangalore — 2023-*present*
Scholarship, IACS, Kolkata — 2021-23
INSPIRE Scholarship, Department of Science and Technology, New Delhi — 2018-21
Dhirubhai Ambani Scholarship, Reliance Foundation, Mumbai — 2018
1st rank in Bhandara district, Maharashtra Board Higher Secondary Exam, Shahapur — 2018

Skills

Programming: Python, C, and C++
Data Analysis/Simulation: Monte Carlo, signal processing, and deep learning

Computing: Experience with SLURM and HTCondor job schedulers, and GPU clusters
Languages: English, Hindi, Marathi, and Spoken Bengali
