

RITESH HARSHE

✉ ritesh.harshe@icts.res.in ☎ (+91) 80078 77689 🌐 [riteshharshe.github.io](https://github.com/riteshharshe)

EDUCATION

Ph.D. candidate, International Centre for Theoretical Sciences (ICTS-TIFR), Bangalore 2023–present
Principal advisor: [Parameswaran Ajith](#)

Integrated Master's, Indian Association for the Cultivation of Science, Kolkata 2018–23
CGPA: 8.81/10

Class XII, Nanaji Joshi Junior College, Shahapur 2018
Percentage: 95.38%

Class X, Adyal Vidyalaya, Adyal 2016
Percentage: 93.60%

EXPERIENCE

Senior Research Fellow, ICTS-TIFR, Bangalore 2025–present

SERVICES

- Organizer of Gravitational Wave Open Data Workshop, 2026, ICTS-TIFR, Bangalore [🔗](#)
- Organizer of ICTS In-house, 2026, ICTS-TIFR, Bangalore [🔗](#)
- Speaker for Venus-Saturn Conjunction and Planetary Parade, 2026, ICTS-TIFR, Bangalore [🔗](#)
- Student representative in ISPC transport and security committee, 2025–26, ICTS-TIFR, Bangalore
- Teaching assistant for Summer School on Gravitational-wave Astronomy, 2025, ICTS-TIFR, Bangalore [🔗](#)
- Teaching assistant for Gravitational Wave Open Data Workshop, 2025, ICTS-TIFR, Bangalore [🔗](#)

PUBLICATIONS

1. **Harshe, R.**, Prasad, R., and Ajith, P., “*Could the high-mass black holes from the gravitational-wave observations be explained by lensing?*”, accepted in ApJ Letters, arXiv:2604.14247 [🔗](#).
2. **Harshe, R.**, and De, R., “*Corrected Analysis of Microcanonical Ensemble Model of Mixture of Fermions and Bosons at the Low-Temperature Limit*”, IJSRMSS, Vol. 7, Issue 5, pp. 31–38, 2020. [🔗](#)

PRESENTATIONS

- Talk in Gravitational Wave Open Data Workshop, 2026, ICTS-TIFR, Bangalore [🔗](#)
- Talk in ICTS In-House, 2026, ICTS-TIFR, Bangalore [🔗](#)
- Poster at Multi-Messenger Astrophysics in the Dynamic Universe, 2026, YITP, Kyoto University [🔗](#)
- Poster at Future of Gravitational-wave Astronomy, 2025, ICTS-TIFR, Bangalore [🔗](#)

ACHIEVEMENTS

- ICTS-TIFR Institutional Research Fellowship, 2023–present [🔗](#)
- IACS Institutional Scholarship, 2021–23
- INSPIRE Scholarship, Department of Science and Technology, India, 2018–21 [🔗](#)
- Dhirubhai Ambani Scholarship, Reliance Foundation, 2018 [🔗](#)
- 1st rank in Bhandara district, Maharashtra Board Higher Secondary Exam, 2018

SKILLS

- Programming: Python, C, and C++
- Data Analysis/Simulation: Monte Carlo, signal processing, and deep learning
- Computing: Experience with SLURM and HTCondor job schedulers, and GPU clusters
- Languages: English, Hindi, Marathi, and Spoken Bengali
